

## Dear Congleton Business Owner,

Please allow me to introduce Congleton Town Football Club (CTFC).

### Who are we?

Formed in 1901, Congleton Town Football Club are a 'not-for-profit' community benefit society owned by the community of Congleton and run by unpaid volunteers.

Our income is limited to the sale of tickets on match days.

We do not receive any financial support from the FA, League or council.

Our semi-professional First Team currently play at Step 5 of the National League System. We also have successful Reserve and Under 18's Teams and for the first time in the history of the club, 2022 will see us proudly field an open age female first team.

Our established and respected junior section allows over 350 boys and girls from ages 5 years and above to enjoy football, some of whom have gone on to sign for professional academies.

### Our Mission

To provide the community of Congleton with an inclusive family friendly environment where they can enjoy football in any capacity as part of a Club that they can be proud of.

Provide a realistic pathway for boys and girls from within the local community to progress through the age groups all the way up to first team football.

Provide support to the local community in partnership with a mental health and wellbeing organisation (Mind, Body and Sole) who are now based at the club.

### How can you help?

The enclosed brochure provides a number of sponsorship/advertising opportunities. If you would like to help support CTFC in any way please contact us by emailing [admin@ctfc.club](mailto:admin@ctfc.club).

Thankyou for taking the time to read this, I really hope to hear from you soon.

Yours sincerely,

Charles Porter | Chairman
