UP THE BEARS

BY KEN MEAD
CLUB SECRETARY

A very warm welcome is extended to everyone at the Cleric Stadium today and particularly to the players, officials and supporters of Beverley Town who have made the trip for this afternoon's Isuzu FA Trophy Preliminary Round match.

The start of the second week of the season sees us in another National FA Competition, the FA Trophy and one where we hope to last longer than we did in the FA Cup a week ago. We went out at the first hurdle here against AFC Wolverhampton City. Beverley Town, nicknamed The Beavers, gained promotion from the North East Counties to the NPL Division One East last season, so they are where the Bears were two seasons ago. They will be looking for that confidence from promotion to give them a flying start in the NPL. Like us, they started with an FA Cup tie having been drawn at home against Northwich Vics. They drew at home 0-0 on Sunday and went out in the replay at Northwich Vics 1-0 on Wednesday. So, both teams are relying on this competition for the chance to add valuable prize money towards their aspirations this season. The similarity between the clubs extends to their inception. The Bears formed in 1901, and the Beavers formed in 1902, so nearly 300 years of combined history is here today.

Today's match will be settled today. If the scores are level at the end of normal time, the tie will be decided by penalties. There is NO EXTRA TIME and NO REPLAYS right up to and including the semi-finals.

The prize fund today is £1500.00 for the winners and £400.00 for the losers. The winners today will face Atherton Collieries at home on Saturday 29th August.

Last Tuesday, the Bears opened their league campaign with a home match against Vauxhall Motors, recent meeting between the sides have been hard fought and Tuesday was no exception. Still reeling a bit for the FA Cup defeat the Bears looked to get their first points on the board and did so with a 1-1 draw. Vauxhall took the lead on 23 minutes when Jacson Coppack fired a shot from 22 yards past several players giving Dave Parton little chance. It took a first half stoppage time penalty put away by Rob Stevenson to eventually see the points shared.

True to some of the recent meeting between the clubs, a red card was produced, this time to Vauxhall's Adam Hughes.

The NPL League table looks messy as some clubs have played twice, some like the Bears only once and 7 sides yet to play any.

Those 7 all play today. It's a similar picture in the NPL Division One East where 8 teams (including Beverley Town) have yet to play.

The Bears have added to their squad with the midweek signing of Taylor Kennerley from 1874 Northwich. Taylor has also appeared for Witton Albion and gives Richard Duffy some additional options in the back four or midfield.

With several new players this season, the Bears pen pics appear in their programme with apologies to Taylor and Aliukebba whose profiles have yet to be compiled.

Our next match is on Tuesday 18th August ko 7:45 pm as we travel to Stalybridge Celtic. For now, Saturday 22nd August is a free date (scheduled to be the FA Cup Preliminary Round).

It looks likely to remain that way leaving our next match on Tuesday 25th August k:0 7:45pm against Wythenshawe

We hope everyone here enjoys the match and importantly, stays safe and has a safe journey home.

SPORTS & LEISURE

THE BEARS

PLAYING SQUAD 2026/27:

David Parton | Goalkeeper

Dave has been a central figure in some of the most memorable moments of Congleton's recent history. The former Stoke City goalkeeper has also represented Nantwich Town, Kidsgrove Athletic and Whitchurch Alport. He joined the Bears in 2020 and has since passed 200 appearances, combining reliable handling and shot-stopping with a particular reputation for saving penalties. Parton played in the sides that reached the FA Vase semi-final, won the Cheshire Senior Cup and Macron Cup double in 2023, and secured the Midland League title in 2024. He brings continuity, experience and a calm presence to Richard Duffy's squad.

Matthew Liptrott

Jack Bates | Defender

Jack joined Congleton in August 2025 after leaving Wigan Athletic, where he developed through the Latics' academy system. A young, energetic defender, he quickly established himself during his first season at the Cleric Stadium and demonstrated the versatility contributing defensively in the full back and center half roles. His academy background gave him a strong technical and tactical grounding, while a full campaign in senior non-league football added valuable experience of the demands of the Northern Premier League. Returning for a second season with the Bears, Bates offers mobility, composure and further potential to develop within Richard Duffy's rebuilt squad.

Darren Chadwick | Defender

A highly experienced and dependable member of the Bears squad, Darren has represented Congleton since 2021. Comfortable at the heart of the defence and a regular threat from set pieces, 'Chadders' also has the composure to take responsibility from the penalty spot. He made 30 appearances and scored three goals during 2025/26, following several seasons as an important part of Richard Duffy's side. His Congleton career includes the 2023 Cheshire Senior Cup and Macron Cup double, the 2024 Midland League championship and the 2025 NPL West play-off campaign. Darren's leadership, defensive strength and eye for an important goal remain valuable assets.

THE BEARS

PLAYING SQUAD 2026/27:

Richard Duffy | Player-manager / Defender

Richard's playing appearances have become rarer over time as he focuses more on his work on the touchline and leading the football management of the club. He occasionally utilises his experience to step into the defence when required. The former Wales international enjoyed a long Football League career with Swansea City, Portsmouth, Coventry City, Millwall, Exeter City and Port Vale before moving into non-league football. Since taking charge at Congleton, he has overseen an FA Vase semi-final, the Cheshire Senior Cup and Macron Cup double, the 2023/24 Midland League title and a run to the NPL West play-off final. His standards, tactical knowledge and understanding of the game continue to shape the squad.

Marco Fregapane | Right-back

A familiar and popular face returns to the Cleric Stadium. Marco rejoined Congleton during the summer of 2026 after spending the previous season with Welsh Premier side Connah's Quay Nomads, where he gained experience in a full-time, top-flight environment. Still a young defender, he had already made more than 100 first-team appearances for the Bears before leaving in 2025 and became a firm supporters' favourite through his energy, commitment and attacking runs from right-back. Nicknamed the 'Sicilian Bulldog', Marco now returns with broader experience and an even stronger understanding of what it means to represent his hometown club.

Matthew Liptrott | Full-back / Midfielder

Matthew returns for a second season at Congleton after joining the Bears in 2025. A product of Blackpool's academy, he gained early senior experience on loan with Stalybridge Celtic and Radcliffe before continuing his development in non-league football. Able to play at full-back or in midfield, he brings pace, athleticism and useful flexibility to the squad. His first year at the Cleric Stadium allowed him to establish himself at Northern Premier League level and build an effective partnership on the right side of the Bears defence. At 23, Liptrott combines a strong academy education with significant room for further progression.

Owen Morris | Defender

Owen joined Congleton in the summer of 2024 after moving from South Wales to pursue his football ambitions in England. A composed and mobile defender, he played his part in the Bears' run to the 2025 NPL West play-off final before making 15 appearances and scoring once during an injury-disrupted 2025/26 campaign. Comfortable carrying the ball and contributing to the build-up from the back, Owen offers Richard Duffy a different defensive profile as well as the flexibility to operate in more than one role. He enters his third season at the Cleric Stadium looking to further establish himself and continue his development.

Julius Ndene | Defender

Julius is a new addition for 2026/27 after joining the Bears from Leek Town. Born in Stockport, the 23-year-old defender arrives with Northern Premier League experience and has already impressed during pre-season with his calmness in possession and composed approach to defending. Athletic and comfortable on the ball, he adds youth, mobility and competition to Richard Duffy's defensive options. His performances in the summer fixtures earned positive reviews from the club supporters and provided an early indication of how he can contribute at the Cleric Stadium. The coming campaign will be Julius's first season in Congleton colours.

THE BEARS

PLAYING SQUAD 2026/27:

Shakeel Jones-Griffiths | Central midfielder

Shakeel returns to Congleton for a second spell after playing in the Northern Premier League Premier Division with Hyde United. He came through Bolton Wanderers' youth system and has also represented Glossop North End and Bury, as well as passing 100 appearances during his time with Hyde. A powerful and technically capable central midfielder, he brings energy, ball-winning ability and experience from a higher level. Supporters will remember his contribution during his earlier spell with the Bears, including a goal in the club's 2022/23 FA Vase run. Now 26, 'Shak' returns as a more experienced and rounded player.

Theo Knight | Attacking midfielder / Winger

Theo arrives at the Cleric Stadium following an impressive 2025/26 season with Whitchurch Alport. The 21-year-old attacking midfielder can operate centrally or from a wide position and has earned a reputation for direct running, creativity and the ability to produce spectacular goals. His performances in Shropshire attracted attention and made him one of Richard Duffy's notable summer additions. Still at an early stage of his senior career, Theo offers pace and unpredictability in the final third and will be looking to translate his strong form at Step 5 into the Northern Premier League with the Bears.

Daniel Needham | Midfielder / Forward

One of the defining players of Congleton's recent era, Dan passed 200 appearances for the Bears during 2025/26. A dynamic attacking midfielder who can play in several forward roles, 'BGDN' has repeatedly delivered on major occasions. His goals were central to the FA Vase semi-final run, the 2023 cup double and the 2023/24 Midland League title-winning season, when he finished as the club's leading league scorer with 21 goals. Needham combines relentless energy with intelligent movement and a genuine goal threat. His experience and understanding of Richard Duffy's methods make him a particularly important link between the established squad and this summer's new arrivals.

Dallas Omoruyi | Winger

Dallas earned his move to Congleton after impressing throughout the 2026 pre-season programme. The winger spent part of his development with Stockport County before gaining senior experience in non-league football. Quick, direct and eager to attack defenders, he gives the Bears another option in the wide areas and has already shown his ability to get into scoring positions, finding the net during the summer victory over Abbey Hulton United. This will be Dallas's first competitive season at the Cleric Stadium, and his pace and willingness to run at opponents should add a fresh dimension to Richard Duffy's attacking options.

João Soares | Midfielder

Portuguese midfielder João joined the Bears after catching the eye during the 2026 pre-season schedule. The 23-year-old was most recently with Daisy Hill and arrives with the opportunity to establish himself at Northern Premier League level. Comfortable receiving the ball and linking play through midfield, he adds a different technical profile to Richard Duffy's squad. His pre-season performances showed enough quality and composure to earn a place in the group ahead of the new campaign. This will be João's first season at Congleton, and he will be looking to build quickly on the promising impression he made during the summer.

THE BEARS

PLAYING SQUAD 2026/27:

Peter Williams | Midfielder

Pete returns to the Bears for another spell after a very brief fling over the summer at another local club. Previously reaching the landmark of 200 Congleton appearances. Pete is a composed and versatile midfielder that has been an important part of the club's most successful recent period, contributing to the FA Vase semi-final run, the Cheshire Senior Cup and Macron Cup triumphs and the 2023/24 Midland League championship. His quality from set pieces and the penalty spot has produced several significant moments, including successful shoot-out kicks in both 2023 cup finals. 'Willo' brings experience, calmness in possession and a deep understanding of Richard Duffy's standards and the culture of the club.

Kieran Garner-Knapper | Forward

Kieran enters his third season with the Bears after joining during the summer of 2024. The energetic forward has worked his way up through the non-league pyramid and brought that same hunger to the Cleric Stadium. Capable of playing across the front line, he presses defenders, runs the channels and provides a direct attacking outlet. Kieran made 40 appearances and scored five goals during 2025/26, underlining his importance to the squad during a demanding campaign. His pace, work rate and ability to stretch opponents continue to make him a valuable part of Richard Duffy's attacking plans

Matthew Gillam | Forward

Matty begins his third season at Congleton after joining the club in 2024. A product of Rochdale's academy, he made 20 Football League appearances for the Dale and gained experience with Salybridge Celtic and Cork City before spells at Guiseley, Atherton Collieries and Glossop North End. Strong, mobile, willing to work across the front line with exception technical ability, he can lead the attack or operate in support of another striker. His professional background and experience across several levels give Richard Duffy a proven and adaptable forward option as the Bears prepare for the new campaign.

Dylan Scott | Forward

Dylan joins the Bears with Football League experience and an impressive development pedigree. The Stone-born striker progressed through Burton Albion's academy, made his League One debut in 2024 and scored his first senior goal in the EFL Trophy. Productive loan spells with Hanley Town were followed by experience at Mickleover, Leek Town, Salybridge Celtic and Stafford Rangers. An energetic, hard-working forward who presses from the front and attacks space, Dylan has already opened his Congleton account during pre-season. At 20, he combines senior experience with considerable potential and adds pace and intensity to the Bears' forward line.

Robert Stevenson | Centre-forward

Rob arrives at Congleton as one of the most proven forwards in the division. A former Stoke City youth player, the Stoke-on-Trent-born striker became a leading figure at Leek Town, scoring more than 100 goals across eight seasons before moving to Hednesford Town in 2024. His progress there was interrupted by a serious head injury, making his return to regular football particularly welcome. Strong, intelligent and experienced in leading a Step 4 attack, Stevenson offers goals, hold-up play and a focal point for the players around him. He joins the Bears ready to begin a new chapter at the Cleric Stadium.

THE BEARS

PLAYING SQUAD 2026/27:

Joseph Woolley | Forward

Joe is a new arrival for 2026/27 and brings considerable experience of football across the Northwest and Staffordshire non-league scene. The 30-year-old forward has previously represented Kidsgrove Athletic, Leek Town and Bootle, giving him a strong knowledge of both the division and many of the opponents the Bears will face. Mobile and capable of operating across the attacking line, he adds further competition and flexibility to Richard Duffy's forward options. Joe arrives at the Cleric Stadium at a good stage of his career, combining physical maturity with extensive Step 4 experience and an understanding of the demands of the Northern Premier League.

BEVERLY TOWN FC

HOW IT STARTED...

Beverley Town Football Club, nicknamed the Beavers, has been in existence since 1902, when the club became a member of the East Riding County League. Their first recorded honours came in 1905/6 when they won the East Riding Senior Cup defeating Hull Botanic Swifts by a 3-0 margin in a game played at Hull City's Anlaby Road Ground. The Beavers won the trophy again in 1912/13 when they beat the First Battalion of the East Yorkshire Regiment by the same scoreline.

The club was forced to disband in 1914, upon declaration of World War One and reformed after conflict ended. It remained in sporadic existence until 1939, when football was once again suspended following the commencement of World War Two. Some momentum was finally gained in 1948, after a merger with local side Beverley Rangers, which saw the team move to its current home at the Norwood Recreation Ground.

In 1954 a further merger with Beverley United occurred and the club became a competitive side in East Riding football circles for the next two decades. The highlight being three East Riding Stanley Wilson Cup Final wins – a trophy which was named after the local Member of Parliament. After disagreements with the grounds committee, the club left Norwood circa 1970 and a nomadic existence was to follow, with Beverley Town playing at a number of venues over the ensuing years. These included the former Victoria Barracks – now a Morrisons Supermarket, the Hodgsons Recreation Ground, Longcroft School, and Orchard Park playing fields in nearby Hull.

It was not until 2000, when a Beverley Town team was formed from the former Beverley Old Grammarians side and became a founder member of the newly created Humber Premier League that it was established as a presence of note again.

The Beavers returned to the Norwood Recreation Ground and in 2012/13 the club lifted its first Humber Premier title – losing only one game in the process. A year later, Town won the Northern Counties Senior Cup, as they became one of only two East Riding County FA sides to have won this trophy its then forty-year history.

BEVERLY TOWN FC

A second Humber Premier title was captured in 2020/21 and the following season the Beavers were league runners-up, but gained promotion to the NCEL Division One as ground improvements meant it fulfilled league eligibility. This saw the installation of a 56-seat stand named in honour of former player and local school teacher Ivan Usher. On the 11th May, 2024, the club was promoted to the NCEL Premier League after a thrilling penalty shoot-out in a play-off final against Shirebrook Town, which was played in front of a bumper crowd of 1500 people. This came after Town accumulated 103 points during the regular season which saw them secure the league runner-up slot.

A number of players who have represented Beverley Town at either junior or senior level, have gone on to play in the professional game. These include former Leeds, Tottenham, and England goalkeeper, Paul Robinson, as well as former Hull City players: John Hawley, Ray Clubley, Linton Brown, Darren France and Oscar Mackrill – who scored the first ever goal in competitive football for the Tigers in 1904. Beverley Town were also trained for a period in the 1960s by Hull City players John McSeveney and Andy Davidson – who remains Hull City's record appearance holder having played in 579 games for the club.

Research and article by Rob Finch.

During the 2024/25 campaign further ground improvements at Norwood saw a new stand opened by former Commonwealth Lightweight boxing champion, Tommy Coyle. The Beavers ended a positive season that season by lifting the NCEL League Cup after a 3-2 victory against Knaresborough Town in a game held at Scunthorpe United's Attis Arena Stadium. Significant progress came in 2026 after a 2-1 play-off final win against Tadcaster Albion which saw the club promoted to the Northern Premier League for the first time.

Daniel Wilkinson
Foundation

*Providing Screening and Defibrillators to
prevent Sudden Cardiac Death in the young*

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with **NO SYMPTOMS** or family history.

ARVC can be found in one in every 1,000 to 5,000 young adults - **IF IT IS LOOKED FOR.**

Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.

Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.

In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

BEVERLY TOWN FC

SQUAD LIST

Matthew Plummer

Position – Centre-half;

DoB – 18/01/1989.

Hull-born Plums joined the Beavers in October 2022 after a stellar career playing for most of the clubs in the vicinity - Hull City, Darlington, Halifax, Bradford Park Avenue, Scarborough Athletic FC, Garforth, AFC Mansfield, Barton Town, North Ferriby, Bridlington Town. He supports Manchester United and hit the crossbar on Soccer AM.

Leigh Overton

Position – Goalkeeper;

DoB – 01/12/1990.

Leigh was born on the wrong side of the Humber Bridge, in Boston, Lincolnshire, but righted that wrong by joining the Beavers at the start of last season. He played 42 times in our promotion-winning season and is a health and fitness coach, of which several supporters at the club have taken advantage.

Alex Knaggs

Position – Defence/midfield;

DoB – 20/10/1992.

The club's very own 'Mr Versatile', Knaggsy is famed for his love of Hull KR and made his 150th appearance for the Beavers in last season's play-off semi-final win against Barton Town, having joined the club near the start of our first season in the NCEL.

BEVERLY TOWN FC

Conner Harman

Position – Midfield;

DoB – 28/10/1995. Conner enjoyed spells at Bridlington Town, Goole, Hall Road and Brigg Town before making his way to the Beavers in 2023 and is close to notching up a century of appearances for the club. He's an avid support of Hull City, Liverpool and Kai Larkin.

James Piercy

Position – Centre-half;

DoB – 11/07/1996. Piercy has been club captain since the Beavers joined the NCEL in 2022, playing over 150 times for Beverley Town and winning the prize for Goal of the Season last term. He featured in the famous 'Class of '92' documentary, is afraid of spiders and snakes, and an avid fan of Liverpool FC.

McCauley Snelgrove

Position – Forward;

DoB – 09/09/2002. Hull City fan Macca was the club's top scorer last season and would love to go back to his schooldays to actually listen to what the teachers told him. Having played for Hull City, Cleethorpes, Crusaders, Gainsborough and North Ferriby, Macca made his Beavers debut in February 2024 at Glasshoughton Welfare.

Nathan Ofori

Position – Midfield;

DoB – 13/11/2002. Nat will always be famous for scoring the first goal for the Beavers in the NCEL Years, in a 1-0 win at Athersley Recreation. He also became the first player to reach 150 appearances for the club (since records began) and doesn't like pizza. Seriously.

Harry Lovick

Position – Midfield;

DoB – 20/12/2002. Harry joined the Beavers from Barton Town and was influential in helping the club to promotion in his first season, despite not managing to find the back of the net. He loves Indian cuisine, pickleball and padel, and is one of several ardent Hull City fans amongst the squad.

Kai Larkin

Position – Midfield/right back;

DoB - 06/02/2003. Kai wanted to be a WWE wrestler when he grew up, but has settled for being a fans' favourite at the Beavers since joining in 2023, making well over 100 appearances. His all-action style is a throwback to a bygone age and his biggest fear is being stranded in the sea in the pitch black.

BEVERLY TOWN FC

Cameron Connolly

Position – Forward;

DoB – 26/08/2003. Manchester United fan Cam made his Beavers debut back in December 2022, with his first goal coming on New Year's Eve. He loves nothing more than a roast dinner, going to the gym and watching Match of the Day. Though not all at the same time.

Bobby Attree

Position – Centre-half;

DoB – 08/02/2005. Maths whizz Bobby has picked up a devotion to West Ham United from his dad and dislikes people who rustle their wrappers at the cinema. He was the youngest player on Fifa '22 for a bit and his epic favourite pizza involves BBQ sauce, cheese, pepperoni, chicken, beef, peppers and sweetcorn.

Luka Šuluburić

Position – Forward;

DoB – 06/04/2005. Luka made his Beavers debut in February 2023 and has become the go-to player for goals in big games, often in 1-0 victories. His futsal skills are legendary in the area and he would love to visit Centre Court at Wimbledon, but has a phobia of sitting next to Bobby Attree in the dressing room.

Sam Opoku

Position – Midfield;

DoB – 21/09/2005. Sam was born in Modena, Italy, would love to meet Neymar and counts Mario Balotelli as his football hero of childhood. He made his Beavers debut in a memorable 6-5 defeat at Eccleshill United in September 2024 and scored his only goal so far at Handsworth last season.

Adam Stockhill

Position – Left back;

DoB – 21/03/2006. Stocky played for Barton Town and Bridlington Town before joining the Beavers and making his debut at Winterton Rangers in October 2024. He hates cleaning his boots, but does so to avoid being fined, and loves nothing more than playing FIFA on his Xbox, which might explain why he leaves everything else to the last minute.

Ollie Wilson

Position – Full back;

DoB – 01/02/2007. Willo is the son of former Hull City goalkeeper Steve Wilson and can often be seen serving some of the Beavers supporters from behind the bar of the Monks Walk. He made his debut for the club on the opening day of the 2024/25 season at Thackley and would like to meet Tiger Woods.

BEVERLY TOWN FC

Joel Shortland

Position - Midfield;

DoB – 23/12/1993. Joel joined the club during the summer and is best known locally for his long stint at North Ferriby, where his cultured performances in midfield caught the eye. He is the Health & Wellbeing Manager at Coyle Health & Wellbeing and is looking forward to pulling on a Beavers shirt for the first time.

Paul Sherburn

Position – Right back/midfield;

DoB – 15/10/1999. Another summer signing, Sherbs joins from Rossington Main, where he became the club's leading appearance maker, including a season alongside Beavers keeper Leigh Overton. Paul has also played for the likes of Frickley Athletic and Armthorpe Welfare and is equally at home at right back or in a more advanced position.

Tom Alngohuro

Position – Midfield/forward;

DoB – 10/03/2003. Tom scored against the Beavers last season for Frickley Athletic and can play anywhere in midfield or wide attacking positions.

Tom Rennardson

Position – Midfield/forward;

Tom is another new addition to the squad, having returned from the United States, where he was a member of the League Football Education's All Stars academy squad. Tom was part of the Grimsby Town academy, played for Grimsby Borough and is studying law at the University of Hull.

Aris Cunha

Position – Forward;

DoB – 30/06/2002. Aris joined the club towards the end of last season, making his debut in the home defeat against Handsworth. He had previously been on loan at North Ferriby from his parent club Bottesford Town, for whom he scored over 20 goals the previous season.

Alfie Taylor

Position – Centre-half;

DoB – 22/04/2004. Alfie was part of Hull City's junior set-up from the age of nine, right through to signing a professional contract with the club in 2022. He enjoyed loan spells at St Patrick's Athletic, Grimsby Borough and Cleethorpes Town, before joining Borough last season. Alfie is the younger brother of Beavers legend Will Taylor.

HOW DOES IT WORK?

The process is about bringing men together who have been in similar situations, to help each other on a peer to peer basis, sharing how they have dealt with various situations through lived experiences. No matter how big or small your problem feels, we are here to support each other. The 5 questions that are asked each week are designed not only to encourage men to talk, but to start to focus on the positives and on strategies to keep moving forward. There is no pressure to answer any of the questions and it is not uncommon for men to just listen for the first few sessions. The clubs all run on the same format and adhere to the same guidelines. A key principle of ANDYSMANCLUB is anything that is said in the club, stays within the club.

WHO IS IT FOR?

The club is open to any man 18 or over, who is going through a storm, been through a storm or just wants to meet a good group of people with the aim of improving one another.

WHEN IS IT?

ANDYSMANCLUB meet every Monday at 7pm (excluding Bank Holiday Mondays).
