UP THE BEARS

BY KEN MEAD
CLUB SECRETARY

very warm welcome is extended to everyone at the Cleric Stadium today and particularly to the players, officials and supporters of Padiham who have made the trip for this afternoon's Pitching In Northern Premier League Division One West match.

After a successful October, during which the Bears drew 3 games and won 3 games out of the six played, we entered November with a tough home assignment against Stafford Rangers. We knew it would be a challenge against opponents who have had a major financial boost for this season and who were about to take on Grimsby Town in the First Round Proper of the FA Cup (with £15,800 guaranteed even if they were to lose). They put up a great show and were only beaten on penalties after extra time and a 3-3 score line.

So, our 1-0 defeat should be seen in that context. It was left to our trip to Atherton Collieries last Saturday to try to show our recent revival had not stalled.

The defensive display against Stafford Rangers was repeated at Atherton and after leading 1-0 at half time, courtesy of a Rob Stevenson goal from a tight angle, it paid dividends in the closing 8 minutes as the Bears scored 3 more times through an Ethan Vale direct free kick from the edge of the area and 2 quality finishes from James Kirby, making just his 2nd appearance as a substitute since his return from injury. The 4 goals were also a bonus for an improved goal difference.

The Bears go into today's match with just 1 defeat in the last 8 games that has seen them win 4 and draw 3 – a tally of 15 points from 8 games - where they had managed just 2 points from their opening 10 league fixtures. It's been a little while since we met Padiham in league matches.

They returned from the Northern Premier League in 2015/16 to the North West Counties before returning to the NPL for this current season. With Covid curtailing the 2020/21 season we have met each other 4 times since then. In 2021/22 we won 2-1 here and drew 3-3 there.

In 2022/23 were lost 2-1 here and drew 1-1 there. So, 1 win each, 2 drawn games and 7 goal each. We, of course, went off to the Midland Football League and then the past 2 seasons in the NPL. They currently sit 15th in the table with a goal difference of -10. Recent form has them with 3 defeats, 1 draw and one win in the last 5 league outings. It will be an important match for the Bears today as they seek to maintain the vastly improved performances of late but as always in this division, every game will be a tough one as any side can beat the other over 90 minutes.

There is special significance about today's match. It will be the last time spectators will see the concrete post and panels around the pitch. Starting Monday, the perimeter wall around the pitch will be removed and replaced with a modern plastic covered steel fencing. There will be 3 access gates to the pitch and there will be new dug outs. The club is grateful to the Premier League Stadium Fund for their support with a grant following the acknowledgement that a good number of clubs have safety issues with the type of perimeter wall that were acceptable for many years. Upon completion, the ground will have a major uplift to its appearance and safety. The ground will be closed while the work is carried out and due for completion in time for our next scheduled home match against Clitheroe on 28th November.

Our next match is away on Saturday 21st November ko 3pm, when we travel to Vauxhall Motors. Then as stated we are here again on Saturday 28th November ko 3pm v Clitheroe. We have been drawn at home to Stockport County in the second round of the Cheshire Senior Cup. That game has been fixed for Tuesday 1st December ko 7.45pm.

We hope everyone here enjoys the match and importantly, stays safe and has a safe journey home.

SPORTS & LEISURE

THE BEARS

PLAYING SQUAD 2026/27:

David Parton | Goalkeeper
Dave has been a central figure in some of the most memorable moments of Congleton's recent history. The former Stoke City goalkeeper has also represented Nantwich Town, Kidsgrove Athletic and Whitchurch Alport. He joined the Bears in 2020 and has since passed 200 appearances, combining reliable handling and shot-stopping with a particular reputation for saving penalties. Parton played in the sides that reached the FA Vase semi-final, won the Cheshire Senior Cup and Macron Cup double in 2023, and secured the Midland League title in 2024. He brings continuity, experience and a calm presence to Richard Duffy's squad.
Matthew Liptrott

Jack Bates | Defender
Jack joined Congleton in August 2025 after leaving Wigan Athletic, where he developed through the Latics' academy system. A young, energetic defender, he quickly established himself during his first season at the Cleric Stadium and demonstrated the versatility contributing defensively in the full back and center half roles. His academy background gave him a strong technical and tactical grounding, while a full campaign in senior non-league football added valuable experience of the demands of the Northern Premier League. Returning for a second season with the Bears, Bates offers mobility, composure and further potential to develop within Richard Duffy's rebuilt squad.

Darren Chadwick | Defender
A highly experienced and dependable member of the Bears squad, Darren has represented Congleton since 2021. Comfortable at the heart of the defence and a regular threat from set pieces, 'Chadders' also has the composure to take responsibility from the penalty spot. He made 30 appearances and scored three goals during 2025/26, following several seasons as an important part of Richard Duffy's side. His Congleton career includes the 2023 Cheshire Senior Cup and Macron Cup double, the 2024 Midland League championship and the 2025 NPL West play-off campaign. Darren's leadership, defensive strength and eye for an important goal remain valuable assets.

THE BEARS

PLAYING SQUAD 2026/27:

Richard Duffy | Player-manager / Defender
Richard's playing appearances have become rarer over time as he focuses more on his work on the touchline and leading the football management of the club. He occasionally utilises his experience to step into the defence when required. The former Wales international enjoyed a long Football League career with Swansea City, Portsmouth, Coventry City, Millwall, Exeter City and Port Vale before moving into non-league football. Since taking charge at Congleton, he has overseen an FA Vase semi-final, the Cheshire Senior Cup and Macron Cup double, the 2023/24 Midland League title and a run to the NPL West play-off final. His standards, tactical knowledge and understanding of the game continue to shape the squad.

Marco Fregapane | Right-back
A familiar and popular face returns to the Cleric Stadium. Marco rejoined Congleton during the summer of 2026 after spending the previous season with Welsh Premier side Connah's Quay Nomads, where he gained experience in a full-time, top-flight environment. Still a young defender, he had already made more than 100 first-team appearances for the Bears before leaving in 2025 and became a firm supporters' favourite through his energy, commitment and attacking runs from right-back. Nicknamed the 'Sicilian Bulldog', Marco now returns with broader experience and an even stronger understanding of what it means to represent his hometown club.

Matthew Liptrott | Full-back / Midfielder
Matthew returns for a second season at Congleton after joining the Bears in 2025. A product of Blackpool's academy, he gained early senior experience on loan with Stalybridge Celtic and Radcliffe before continuing his development in non-league football. Able to play at full-back or in midfield, he brings pace, athleticism and useful flexibility to the squad. His first year at the Cleric Stadium allowed him to establish himself at Northern Premier League level and build an effective partnership on the right side of the Bears defence. At 23, Liptrott combines a strong academy education with significant room for further progression.

Owen Morris | Defender
Owen joined Congleton in the summer of 2024 after moving from South Wales to pursue his football ambitions in England. A composed and mobile defender, he played his part in the Bears' run to the 2025 NPL West play-off final before making 15 appearances and scoring once during an injury-disrupted 2025/26 campaign. Comfortable carrying the ball and contributing to the build-up from the back, Owen offers Richard Duffy a different defensive profile as well as the flexibility to operate in more than one role. He enters his third season at the Cleric Stadium looking to further establish himself and continue his development.

Julius Ndene | Defender
Julius is a new addition for 2026/27 after joining the Bears from Leek Town. Born in Stockport, the 23-year-old defender arrives with Northern Premier League experience and has already impressed during pre-season with his calmness in possession and composed approach to defending. Athletic and comfortable on the ball, he adds youth, mobility and competition to Richard Duffy's defensive options. His performances in the summer fixtures earned positive reviews from the club supporters and provided an early indication of how he can contribute at the Cleric Stadium. The coming campaign will be Julius's first season in Congleton colours.

THE BEARS

PLAYING SQUAD 2026/27:

Shakeel Jones-Griffiths | Central midfielder
Shakeel returns to Congleton for a second spell after playing in the Northern Premier League Premier Division with Hyde United. He came through Bolton Wanderers' youth system and has also represented Glossop North End and Bury, as well as passing 100 appearances during his time with Hyde. A powerful and technically capable central midfielder, he brings energy, ball-winning ability and experience from a higher level. Supporters will remember his contribution during his earlier spell with the Bears, including a goal in the club's 2022/23 FA Vase run. Now 26, 'Shak' returns as a more experienced and rounded player.

Theo Knight | Attacking midfielder / Winger
Theo arrives at the Cleric Stadium following an impressive 2025/26 season with Whitchurch Alport. The 21-year-old attacking midfielder can operate centrally or from a wide position and has earned a reputation for direct running, creativity and the ability to produce spectacular goals. His performances in Shropshire attracted attention and made him one of Richard Duffy's notable summer additions. Still at an early stage of his senior career, Theo offers pace and unpredictability in the final third and will be looking to translate his strong form at Step 5 into the Northern Premier League with the Bears.

Daniel Needham | Midfielder / Forward
One of the defining players of Congleton's recent era, Dan passed 200 appearances for the Bears during 2025/26. A dynamic attacking midfielder who can play in several forward roles, 'BGDN' has repeatedly delivered on major occasions. His goals were central to the FA Vase semi-final run, the 2023 cup double and the 2023/24 Midland League title-winning season, when he finished as the club's leading league scorer with 21 goals. Needham combines relentless energy with intelligent movement and a genuine goal threat. His experience and understanding of Richard Duffy's methods make him a particularly important link between the established squad and this summer's new arrivals.

Dallas Omoruyi | Winger
Dallas earned his move to Congleton after impressing throughout the 2026 pre-season programme. The winger spent part of his development with Stockport County before gaining senior experience in non-league football. Quick, direct and eager to attack defenders, he gives the Bears another option in the wide areas and has already shown his ability to get into scoring positions, finding the net during the summer victory over Abbey Hulton United. This will be Dallas's first competitive season at the Cleric Stadium, and his pace and willingness to run at opponents should add a fresh dimension to Richard Duffy's attacking options.

João Soares | Midfielder
Portuguese midfielder João joined the Bears after catching the eye during the 2026 pre-season schedule. The 23-year-old was most recently with Daisy Hill and arrives with the opportunity to establish himself at Northern Premier League level. Comfortable receiving the ball and linking play through midfield, he adds a different technical profile to Richard Duffy's squad. His pre-season performances showed enough quality and composure to earn a place in the group ahead of the new campaign. This will be João's first season at Congleton, and he will be looking to build quickly on the promising impression he made during the summer.

THE BEARS

PLAYING SQUAD 2026/27:

Peter Williams | Midfielder
Pete returns to the Bears for another spell after a very brief fling over the summer at another local club. Previously reaching the landmark of 200 Congleton appearances. Pete is a composed and versatile midfielder that has been an important part of the club's most successful recent period, contributing to the FA Vase semi-final run, the Cheshire Senior Cup and Macron Cup triumphs and the 2023/24 Midland League championship. His quality from set pieces and the penalty spot has produced several significant moments, including successful shoot-out kicks in both 2023 cup finals. 'Willo' brings experience, calmness in possession and a deep understanding of Richard Duffy's standards and the culture of the club.

Kieran Garner-Knapper | Forward
Kieran enters his third season with the Bears after joining during the summer of 2024. The energetic forward has worked his way up through the non-league pyramid and brought that same hunger to the Cleric Stadium. Capable of playing across the front line, he presses defenders, runs the channels and provides a direct attacking outlet. Kieran made 40 appearances and scored five goals during 2025/26, underlining his importance to the squad during a demanding campaign. His pace, work rate and ability to stretch opponents continue to make him a valuable part of Richard Duffy's attacking plans

Matthew Gillam | Forward
Matty begins his third season at Congleton after joining the club in 2024. A product of Rochdale's academy, he made 20 Football League appearances for the Dale and gained experience with Stalybridge Celtic and Cork City before spells at Guiseley, Atherton Collieries and Glossop North End. Strong, mobile, willing to work across the front line with exception technical ability, he can lead the attack or operate in support of another striker. His professional background and experience across several levels give Richard Duffy a proven and adaptable forward option as the Bears prepare for the new campaign.

Dylan Scott | Forward
Dylan joins the Bears with Football League experience and an impressive development pedigree. The Stone-born striker progressed through Burton Albion's academy, made his League One debut in 2024 and scored his first senior goal in the EFL Trophy. Productive loan spells with Hanley Town were followed by experience at Mickleover, Leek Town, Stalybridge Celtic and Stafford Rangers. An energetic, hard-working forward who presses from the front and attacks space, Dylan has already opened his Congleton account during pre-season. At 20, he combines senior experience with considerable potential and adds pace and intensity to the Bears' forward line.

Robert Stevenson | Centre-forward
Rob arrives at Congleton as one of the most proven forwards in the division. A former Stoke City youth player, the Stoke-on-Trent-born striker became a leading figure at Leek Town, scoring more than 100 goals across eight seasons before moving to Hednesford Town in 2024. His progress there was interrupted by a serious head injury, making his return to regular football particularly welcome. Strong, intelligent and experienced in leading a Step 4 attack, Stevenson offers goals, hold-up play and a focal point for the players around him. He joins the Bears ready to begin a new chapter at the Cleric Stadium.

THE BEARS

PLAYING SQUAD 2026/27:

Joseph Woolley | Forward
Joe is a new arrival for 2026/27 and brings considerable experience of football across the Northwest and Staffordshire non-league scene. The 30-year-old forward has previously represented Kidsgrove Athletic, Leek Town and Bootle, giving him a strong knowledge of both the division and many of the opponents the Bears will face. Mobile and capable of operating across the attacking line, he adds further competition and flexibility to Richard Duffy's forward options. Joe arrives at the Cleric Stadium at a good stage of his career, combining physical maturity with extensive Step 4 experience and an understanding of the demands of the Northern Premier League.

James Kirby | Forward
Striker originally came through the Hyde United Academy in 2013. Has since had spells with Leek Town, Colwyn Bay and Atherton Collieries. He spent 3years playing abroad in Sweden and Malta before returning to Hyde United and playing for their manager Michael Clegg who was with him at Atherton. It is pleasing to see a local Congleton player here at his own club and once settled, as should provide the extra strength up front the Bears have been seeking.

PADIHAM FC

HOW IT STARTED...

It might be hard to imagine today but in the immediate years following the establishment of Padiham Football Club in November 1878 the `Caldersiders` as they were then known were considered one of Lancashire`s soccer pioneers and one of the better Club sides in England.

The Padiham Club were in at the birth of the Lancashire Football Associations Senior Cup competition in 1879, reached the third round proper of the F.A. Cup in season 1883 - 84 and beat Burnley F.C. 6-0, 7-0, 9-1 and 4-2 in their first four encounters.

Gates of over 2,000 were not uncommon for the visits of teams like Blackburn Rovers, Preston North End, Burnley and other local rivals to Padiham F.C's ground which was originally situated on the banks of the River Calder at the end of Wyre Street in Padiham and initially leased from the Shuttleworth family of Gawthorpe Hall.

At present the site is derelict after previously being occupied by the Potterton Myson Limited Main Gas factory and nothing remains of the Clubs original ground which witnessed many encounters with Clubs that later achieved Football League status.

In fact, it was the setting up of the Football League and the ensuing loss of fixtures with the leading Clubs, as well as the legalisation of professionalism within football that ended Padiham's initial decade of success.

Being an ardent stalwart of the fight waged from Lancashire for the legalisation of professionalism in football, Padiham's progressive outlook at the time ironically helped fashion the stranglehold football finance came to have on small town Clubs, in hindsight it condemned Padiham to an ongoing fight for survival.

Unable to secure the services of players able to compete with the bigger surrounding towns and cities, gates dropped and as a result reduced income meant Padiham had to restrict its activities to playing in the Lancashire Combination Football League and at times the local minor leagues.

The outbreak of World War One curtailed Padiham Football Club`s involvement in active football altogether at the end of the 1915 - 1916 season, and the loss of their ground during the War meant that Padiham Football Club lay dormant until after the end of World War Two when they were reformed.

The rebirth of Padiham Football Club came about in 1949 with the opening of the `Arbories` Memorial Sports Ground in Padiham on August 20th, 1949, when 1,777 spectators turned up to see the Club`s opening Lancashire Combination fixture of the 1949 - 50 football season.

PADIHAM FC

In 1982, Padiham Football Club became founder members of the North West Counties Football League, however in 1990 they left the league and after amalgamating with local club Padiham Wanderers FC joined the West Lancashire Football League where they played their football for ten seasons.

Padiham returned to the North West Counties Football League for the 2000/2001 season, winning the Premier Division Title in 2012/13 to gain promotion to the Northern Premier League, where they spent two seasons before being relegated back to the North West Counties Football League for the 2015/16 season. Since 1999 the club has spent in the region of £600,000 upgrading their ground.

HIST
ORY

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

ANDYSMANCLUB

#ITSOKAYTOTALK

WHAT IS ANDYSMANCLUB?

ANDYSMANCLUB is a free peer-to-peer group that provides a place for men to come together in a safe and open environment to talk about the issues or problems that they have faced or are currently facing.

HOW DOES IT WORK?

The process is about bringing men together who have been in similar situations, to help each other on a peer to peer basis, sharing how they have dealt with various situations through lived experiences. No matter how big or small your problem feels, we are here to support each other. The 5 questions that are asked each week are designed not only to encourage men to talk, but to start to focus on the positives and on strategies to keep moving forward. There is no pressure to answer any of the questions and it is not uncommon for men to just listen for the first few sessions. The clubs all run on the same format and adhere to the same guidelines. A key principle of ANDYSMANCLUB is anything that is said in the club, stays within the club.

WHO IS IT FOR?

The club is open to any man 18 or over, who is going through a storm, been through a storm or just wants to meet a good group of people with the aim of improving one another.

WHEN IS IT?

ANDYSMANCLUB meet every Monday at 7pm (excluding Bank Holiday Mondays).

WHERE IS IT?

ANDYSMANCLUB has clubs in many locations across the UK. Check our website below for a full list.

HOW DO I JOIN?

Just turn up on the night. No registration or referral is required, all we ask is that you arrive before 7pm. The full list of our locations is available on our website.

Ever thought of volunteering to help your local football club?

There are many different volunteer roles in non-league football and Northern Premier League football clubs need your help with them.

The Trident Leagues and Pitching In's online Volunteer Hub is the place where you can find opportunities and contact your local football club.
